

KINREI OF AMERICA TO REPRESENT CANDOR SWEDEN AB IN NORTH AMERICA

Kinrei of America is proud to announce the addition of **Candor Sweden AB** to its line of outstanding companies represented in the North American Wire and Cable Industry. Candor is a world-class supplier of equipment and processes for in-line wire and strip surface treatment. **Candor** has custom manufacture plants for both wire and strip applications with emphasis on electroplating, cleaning and chemical coatings while also supplying all the peripheral equipment/processes for a complete application. Candor's single wire plating applications include **nickel, tin, silver, copper** and **solder** coatings on base metals of **copper** and multiple **copper alloys** wires with speeds up to 15 m/s (3000 fpm) with a wire diameter of approx 0.4-2.5 mm (0.016-0.102"). Plating plants can be supplied with different types of payoffs (dynamic or static) as well as take-ups including coilers or reel take-ups from various suppliers. All equipment is supported in North America by Kinrei of America's trained technicians as well as support from Candor.

Candor Sweden AB has currently supplied more than 300 plants and equipment in 25 countries. All inquiries should be addressed to: Kinrei of America, 557 Route 23 S, Wayne, NJ 07470, (p) 973.677.9500 x 145, (f) 973.673.0907 or Mitch Jacobsen at [mjacobson@kinreiusa.com](mailto:mjacobsen@kinreiusa.com)

Kinrei of America is the exclusive distributor for all equipment manufactured by Kinrei including their world-renowned Double Twist Bunchers/Cablers and support equipment. Other companies represented by Kinrei of America include Donnelly Reels, supplier of high quality ABS reels; Kopilowitz Engineering, supplier of payoffs and take-ups; and PD&T, supplier of Cold Pressure Welders and Dies and Hofmann-Ceramics. Kinrei of America also supports all parts, drawings and repairs for New England Butt, Wire Machinery Corporation of America and Edmands rotating equipment.
